About Heritage Vine...

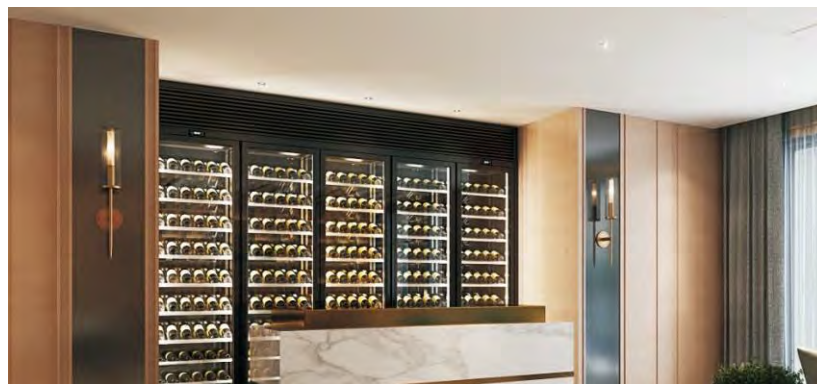

Our team of industry-leading, wine cellar experts bring form and function to your vision, crafting custom-designed wine rooms for businesses and homes in the US and worldwide - installed with minimum fuss.

No two are the same. Our innovative, custom wine cellar designs enable you to not only protect your wine collection investment, but creating a unique, functional piece of art in your space.

Design: Collaborate with our wine cellar specialists. Whether your own unique design inspiration or based on one of our stunning luxury cellar projects, our design team will work with you to create a personalized, bespoke cellar design unique to your taste, space, storage requirements and wine cellar purpose.

Craft: Each Heritage Vine Wine cellar, wall or room is individually crafted from scratch by our team of industry leading technicians and builders. Renowned in the industry for our exceptional craftsmanship, our wine cellars are unsurpassed in quality and durability. We only source the finest materials to ensure our cellars not only look sensational, but stand the test of time and add value to your space. From the external panels through to the cooling systems and wine rack structure, every detail is considered.

Deliver: Once crafted, your custom wine cellar is carefully packed and shipped to your location. It is then meticulously installed by our experienced team with precision and minimum impact on your day-to-day operations. Our custom wine cellars are featured in homes and commercial spaces, such as country clubs, restaurants, hotels and offices, all over the USA and worldwide.
